coach at Hamlin High School, declared that he went over to Jess' house the other day to help him move, and to prove that lots of people were anxious to see that he left town soon, he said folks were lined up for a block offering to help him pack.

A SMALL HAMLIN BOY, after hearing that the human race comes from and returns to dust, queried his mom the other day with:

"Mom, is it true that we came from dust and will return to dust?"

"Yes, dear, that's what the Bible says," she replied. "Why?"

"Well, I just looked under my bed and there's somebody there, either coming or going."

A MAN CAN DO a lot for a boy. But, on the other side of the ledger a boy can do a lot for a man, like giving him inspiration and ambition. An unknown poet recently penned these words in a civic club publication:

I can't lay claim to anything as far as looks go. And when it comes to learning I may be rather slow. But there must be something more in me than other folks ca nsee, 'cause I got a little chap at home-he think a heap o' me

I've had my ups and downs in life as most folks have, I guess. And take it all in all I can't boast of much success. But it braces up a feller and it tickles him to know there's someone that takes stock in him, no matter how htings go.

To feel his hand in mine, so clingin' and so warm; to know keep him safe from harm; to see his lovin' faith and trust in all I can say or do-it sort o' shames a feller, but it makes him better,

That's why I try to be the man he fancies me to be, just 'cause that little chap at homes he thinks a heap o' me. I wouldn't disappoint his trust for anything on earth, or let him know how little I just naturally am worth.

And after all it's easy up the better road to climb, with a little hand to help you and guide you in 40 minutes was 1,435. Top of all the time. And I Peckon I'm a the Swastika was called at 3,570 better man than what I used to feet. At last report operator was be, since I got that little chap at planning to go deeper. No. 1 home. He thinks a heap o' me!

experience is reported by Block 1, B. B. & C. Survey. a prominent Hamlin man:

The phone shrilled in the middle of the night, and I groggily picked up the receiver. It was a long distance call. My heart

"Mom. What's wrong?" "Nothing's wrong." I could hear mother chuckle. "It's your

birthday." "Holy smokes! You didn't get me out of bed at 3:00 a. m. just

to say 'Happy Birthday' did you?" "Well, you made me get out of

bed at 3:00 a. m. 30 years ago tonight-and it's high time I paid

DUSTING OFF the pages of baseball history recently

During a baseball game of the season of 1881, Michael "King" Kelly, at that time captain-player of the Boston Bean Towners (now the Boston Red Sox) was sitting on the bench when an opposing batsman hit a foul fly in the direction of third base. Boston's catcher, Charlie Ganzel, moved out after the ball, but it was evident to the King that Ganzel could not reach it. The ever alert To New Quarters Kelly-who was also responsible for the baseball by-word, "Slide, Kelly, slide"-raced from the bench onto the field shouting: "Kelly now catching for Boston" and with remarkable ease caught the fly and retired the opposing

of Baptist Churches and others are expected to be among the Fifth Street (west from the Santa scores who go to Stamford Thurs- Fe depot toward the football field) day evening, September 6, when and other portion of the street R. G. LeTourneau, outstanding businessman of Longview, will be the featured speaker. The gathering is the Jones County Brotherhood rally.

The meeting will begin with a .1198 1292 1303 ning at 8:00 o'clock.

#### County Voters Give Yarborough Governor Lead

Jones County voters went out in almost as big numbers in Saturday's run-off primary election as they did in the general primary in July, casting 3,984 votes compared with 4,410 votes in the previous balloting.

They reelected Dave Reves to a third term as sheriff by giving him 2,154 votes to 1,820 for his opponent, E. D. (Doyle) Woody, deputy sheriff under Bill Dunwody, former long time sheriff of the county. East Hamlin box went to Reves by a 102 to 88 count, while the West Hamlin box favored Woody by a 241 to 180 count. Stamford went for Woody, but all four of the Anson boxes endorsed Reves to give him the edge in the county-wide polling.

That was the only county race to be decided in the run-off.

In the state races, Jones County, like most of West Texas and the rural areas, gave Ralph Yarborough, twice defeated for governor of Texas, a plurality over Price Daniel, present United States senator. The Jones County vote was 1,621 votes for Daniel to Yarborough's 2,363-a margin of 742 votes for Yarborough. In the state as a whole, Daniel was leading Yarborough by 3,547 votes in final tabulations by the Texas

Election Bureau Tuesday. Yarborough carried 24 of the 29 county boxes; Daniel carried two (including the strong Stamford precinct) and the absentee votes; and the two tied in three

Will Wilson of Dallas carried Jones County and the state over Tom Moore of Waco for attorney general. In Jones County the vote was 2,343 for Wilson compared with 1,443 for Moore.

#### Hamlin Area Well Represented at Fisher County Fair-Rodeo

esented at last week-end's Fisher County Fair and Rodeo, staged at Roby. Scores of people attended as spectators and many were entries in the fair events.

Grand champion of dry lot calves was the 10-month-old Hereford from the herd of Mrs. Fay Young Morton of the Y-6 Ranch of Hamlin, fed and exhibited by

Jack Byrd, Sweetwater FFA boy. Reserve champion milk-fed was shown by Judy Kemp, 11-year-old Roby 4-H Club girl and daughter of Mr. and Mrs. R. P. Kemp of Sylvester.

Brown of Sylvester, a Roby FFA boy feeding under the supervision of the Roby VA teacher, had the grand champion gilt.

Grand champion lamb was Southdown cross-breed fed and shown by Melvin Green, McCaulley FFA bay. He is the son of Superintendent of Schools and Mrs. T. E. Green of McCaulley.

#### City Curb and Gutter Gutter Plan Behind

# ANALIN SCHOOLS BEING IMPROVED STEADILY

In Jor

School days will soon be back with us in the Hamlin section, DePriest Colored School will be the first in the section to open, beginning the new term August 27. Other Hamlin schools will open on Tuesday, September 4.

Attendance at the Hamlin area schools is expected this year to be near normal, despite the fact that shifts in population will be reflected to some extent. Where some families have been lost to drouth or a slack-up in oil activity, others have moved to the area for other employment. Population of Hamlin proper has maintained a steady growth all during recent months, as attested by the consistent building of new homes in the city.

Scholastic census of the Hamlin Consolidated Independent School District shows that there is little change in the number of prospective students for the ensuing year.

Hamlin schools continue to maintain their high standards, and will be ready to offer even more modern facilities for the youngsters of the community than ever before, according to Superintendent C. F. Cook.

Renovations and repairs have been underway in all of the school plants during the summer months, and several additions of equipment and other facilities have been made, he announces.

Significant among the improvements have been some additions to the DePriest Colored

School, where the delicate subject of segregation has not molested the thinking of our people so far. Members of the school board and other administrative officers will handle this situation to the satisfaction of everybody if no undue agitation is made of the matter. Certainly we believe the entire citizenship of the community wants ample opportunities and facilities provided for all the youngsters of the area, no matter the color of their skins, and they are working toward that end. The colored people want a good—and they shall have it provided for them.

Facilities of the new high school gymnasium and band hall will be ready for use within a few weeks. These facilities will fill a long felt want in the school system. They will provide for better musical and athletic training in the school system

All the forward moving projects for the school this year are being made in the face of decreased anticipated revenues for this year The loss in revenue is being caused principally by a decrease of about \$1,500,000 in valuations of oil properties in the school district. Slight gains in other taxable property valuations will partially offset the oil losses.

The Hamlin school board is to be congratulated for shrewd management of the district's affairs that permits improvements despite impending losses in tax revenues.

#### Rewards and Risks

"I wish I had an oil well!" You've heard that said a thousand times—probably you've said it yourself. For oil wells have become a popular symbol of wealth.

And there is no doubt that a big producing cil well would be a nice thing to have. At the same time, getting an oil well, and then making something valuable out of the crude, is a mighty expensive and risky business.

For instance, last year oil producers spent more than \$2,500,000,000 drilling approximately 50,000 wells in this country. A great many of them turned out dry and useless. The drillers just had to try again and hope for better luck next time.

One well, in Louisiana, was sunk to a record 22,750 feet-more than four miles- before traces of oil were found. The cost was \$2,400,000

Much oil now travels via pipeline-and it costs about \$32,000 to lay just one mile of

Modern gas engines demand fuel of much higher octane content that used to be the case—the average octane rating of gasoline has risen from 74 to 84 in the past 26 years. It costs oil companies \$500,000,000 to improve gasoline quality by just one octane number.

The oil industry offers great rewards—and, with them, great risks.

# Cultivate Citizenship

There were two men who had gardens, each with the same soil, same size and with just a fence separating them. One had cuitivated his and had a beautiful garden. The other had not cultivated, and his was burren. A new neighbor moved in across the street. Both gardeners became acquainted with him at the same time. One cultivated his everlasting friendship and the other didn't. This same principle can be applied to civic and study clubs, our Parent-Teacher Association and our Sunday School classes and church

If we are to cultivate everlasting friendship we must attend our meetings and get to know the members with uplifting ideas in our community. If we do not attend the meetings we do not cultivate the garden of improvement and better citizenship.

When you buy triends with anything other than friendship they don't stay bought long.

## Giving Is Receiving

The longer I live the more confident I become that real inward happiness and success are not achieved by the gathering together of material possession. Happiness and success are acquired by giving-not getting.

The man who is most successful in this life is the man who makes many friends through inoughtfulness an dstraight-forwardness—the man who has set an example of self service to the younger generation—the man who has not lived unto himself but who has lived a life of giving, not necessarily of material W. C. Russell of Hamlin, were things, but of the little things such as a kind word dropped at the right time and place, a helping hand now and then, a weicome smile

As we grow older can we 'not back ver cur lives and say we are satisfied? The man who is satisfied with his service to his fellow man is not striving to attieve further cell from the issue of The Hamlin happiness by giving just a little more. The If: e one gives the mue one receives. Try it some ! me!

#### Editorial of the Week

FOR LIMIT ON SPENDING

li the federal budget is balanced in the new fiscal year, as it was in the last, it will be the second time since the twenties that the treasury has kept out of the red two years

It has not been easy to reverse this red ink trend, and the Eisenhower administration deserves much credit for the accomplishment.

Deficit financing over the years has piled up a staggering \$275,100,000,000, the interest on which costs about \$7,200,000,000 a year.

If a family were to make it a practise to write checks without paying attention to its bank balance it would soon be in trouble. Can it be different with government? Not in the long run. That is why serious attention is being given to preventing future spending son.

Before Congress are several proposals to require spending in any fiscal year to be held within estimated income, with allowance for suspension of the amendment in case of war or other grave emergency. Such an arrangement would not be easy to live up to, but its immediate hardships would be more than cfiset by its long range benefits. Some method of limiting spending is obviously needed to saleguard the future solvency of the nation.-The Christian Science Monitor.

Bob Nunley, former assistant high school principal at Hamlin, has been named superintenden of schools at Spur.

## Jones County Farmers' Participation In Soil Bank Program Typical of State

o the tune of \$882,366 is compara-

land placed in the soil bank acreage reserve program. Bob Cherigned in Texas before the July 27

Under the acreage reserve prorams, farmers are paid for each acre of land retired from the production of basic crops up to a specified percentage of their allotments. The program is designed to aid soil improvement and reduce surplus production, points out Cherry.

Farmers of the nation have signed agreements covering approximately 10,700,000 acres, while the 63,672 agreements signed in Texas cover 1,970,235.3 acres. The 3 of an acre represents the acreage taken out of tobacco.

Cherry says 14,708 wheat agree-

ments covering 1,066,390 acres and with payments expected to into the acreage reserve and, if Information Office, College Stathey comply with all program re- ltion, Texas.

Jones County farmers' partici- quirements, can expect to receive sation in the soil bank program \$17,020,420 in government payments. Peanut producers of the tive with most other counties in state signed 3,195 agreements a slight decline from the year-ago similar circumstances, declare covering 33,905 acres, for which they will receive \$396,415. Only Texas farmers will receive more 74 acreage reserve agreements than \$23,800,000 as payments for were signed by rice growers in Texas on 4,286 acres, on which they will receive \$219,487. The y, extension economist, says that single tobacco grower, by reductotal of 63,672 agreements were ing his allotment by three-tenths of an acre and putting the reduction in the soil bank, will receive

> number of acres put under acreage reserve agreements was in the Panhandle district and in the districts immediately to the south and east of the Panhandle. Extension District 8 in Central Texas and District 10, in South Central Texas, were other areas of heavy sign-up.

## New Twists to Hairdo Emphasize Tints and Accessories to Match Dress

of the head, declares Vivian the girls themselves. There has Brown, AP Newsfeatures beauty been no promotion by hair-dress-

Every conceivable type of chignon from the tiny Swiss roll variety to the large Danish pastry type is being worn. Short-haired girls merely add hair pieces to accomplish this end. Long-haired girls sweep back the hair and wist it into a little bun to suit heir hair length. Newest twist to the idea is the

inted chignon to match summer clothes and accessories. Mix and match chignons in two-toned tinted hair are the trend. The chignon is worn in a double bun looped and braided in complementary and contrasting colors. Fashionwise types may choose from 14 hair tints ranging from canary diamond nad carrot-top hues to a gleaming bronze and jet black. The adult membership of the

Such combinations as pastel American Red Cross has grown from 3,000 in 1905 to 23,200,000 blue and black are chic for summer. Ditto yellow and white. Two shades of green suggest the cool look of a limeade. "Dixie" was the war song of the Confederates States of Amer-

The interesting point about the return to chignon hair fashions is

Hair interest goes to the back | that it is a spontaneous choice of ers, even though the idea is catching on like wildfire. The new tinted chignon should create even more excitement.

Hair accessories are taking on important airs now that the chignon is with us again. From the islands come delightful native hair gimmicks. Long Japanese hairpins with jeweled tops that are worn criss-rossed are very popular. Hawaiian tourists bring back hair accessories that resemble oversized chop sticks. These are made of wood as well as other materials.

#### Papers in Order Good Pre-Vacation Plan

Planning a family trip? If so, Mary Newberry, Jones County home demonstration agent, suggests you put aside the road maps the Primary, Elementary and and travel folders long enough to place valuable household papers

Loss of a valuable paper from theft, fire or carefessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks students with a saving of five and bonds, insurance policies, family records of birth, marriage, citizenship, military service, deeds, leases, promissory notes and other documents.

> other valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up-to-date. One copy can be placed in the bank box and the other kept at home. You'll be a theft or fire claim.

> Take with you a list giving the name of your automobile insur ance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

If you carry travelers' checks don't forget to make one or more lists of check numbers to be carried separately from the checks.

# ics sensational

# Yes, it's truly sensational, the bargains you'll find at your Safeway NOW!

The strike, which lasted 10 days, at our warehouses in Garland has resulted in our having some unusual bargains in each and every Safeway store now. The change over from our usual supply source to outside suppliers and then back to our usual supply has caused a huge surplus of some items to accumulate in every Safeway store. We're marking prices down on these surplus items. They are not the same items in each store, but in every Safeway store you'll find Bargains, Bargains, and more Bargains! We must balance our stock in all stores, so now is the time for you to take advantage of the many exceptional values in the Grocery, Meat, and Produce

Because each store may not have the same items on "special" ... look for any of the shelf tags below . . . they're your guide to exceptional values!

Here are a few examples of the prices you'll find this week at Safeway!

#### Texas State Fair To Climax Many **Area Exhibitions**

Fair time in Texas is once again at hand.

Community leaders in all parts of the state are making plans for the dozens of fairs and festivals that will be staged in late sum-

Culminating the series of celebrations, of course, will be the State Fair of Texas at Dallas, October 6 through 21, the nation's largest annual exposition in terms of attendance.

Fairs are one of the best indications of the progressiveness and civic spirit of a community. They are good for business and deserve to be supported by businessmen, farmers, merchants and all other residents.

Texas fairs, like most others, carry a heavy emphasis on livestock and agriculture. They all mon-they are all working to improve Texas' agriculture and livestock industry and to improve living conditions generally by

building up the state. Fairs are for fun and entertainment, too. A wide range of entertainment will be presented -ranging from the carnival sideshows to "Damn Yankees," the Broadway musical which will be offered at the State Fair.

Regardless of size, a good fair is of great value to any city or town, serving as a stimulus to trade and a unifying medium, providing wholesome recreation and serving to inspire pride in the achievements of the individual, the group and the region.

The capitol of Texas is higher than the national capitol-308 feet compared to 287 feet 51/2

# HOW RESOURCEFUL ARE YOU?

Puppies are generally more resourceful chan people! They never take lenc ously. They find a way to get over or under the obstacle.

People take fences seriously. They usually have more respect for their limitations than for their abilities. That's why so many of us live in a narrow, discouraging world without promise or hope. And even as we speak thrilling words

like freedom and opportunity and ideals, some of us wonder secretly just what these are and how they may be attained. There are spiritual resources in life which can enable any man to achieve ideals.

They are the simple, commonplace com-

modities of religion - things like prayer and faith - but they are the keys to all attainment. God gave us these resources to use. And He gave us churches to teach us how to use them. Forget your fences - discover your

resources in Church next Sunday.

tor on earth for the building of character and good citizenship. It Without a strong Church, neither democracy nor civilization can survive. There are four sound which needs his moral and ma-terial support. Plan to go to church regularly and read your

## Driving on Super-Highways Presents Club Projects to Get Two Hamlin Lions New Problems of Safety to Motorist

"The best way to stay safe on

operative share-the-road policy,'

How's your S. D. Q .- or, to be | (through your rear-view mirrors) ; more explicit, your Super-highway watch the pavement for signs of

Driving Quotient?' If you're planning a motor trip He also advised motorists to in the near future, that question use great caution when entering is meant for you. It was asked and leaving super-highways, beby E. C. McFadden of Dalfas, president of the Texas Safety to the prevailing pace as soon as Association, who is an active possible worker in the share-the-road program sponsored by the Texas Safety Association, the Depart- at all times and to adopt a coment of Public Safety and the National Safety Council. This he said. program is being conducted in cooperation with the slow-down and-live program of the National Conference of State Safety Coor-

"Share-the-road driving is a must on super-highways where you in a serious accident," he "And if you travel any great distance, you'll undoubtedly do some super-highway driv-

McFadden pointed out that super-highway driving is different from average driving, the main difference being the higher speeds permissable on superhighways. "High speed does two things" he said. "It gives you less time to think and react in an emergency, and it increases the severity of an accident if one does

plenty of room between you and the car ahead," he said, "Follow ing too closely can cause you to of the most common types of super-highway accidents."

He also warned against lagging behind the pace of surrounding traffic, because by doing this you invite a rear end collision with the car behind you.

He said another great danger is the lulling effect of driving for rest areas which are provided on most super-highways. Here they can take a short walk, a brief

"Quick thinking is essential or super-highways," McFadden said dangerous situations so you can Look ahead for signs of trouble; look behind for signs of trouble

#### Rehearsals Begun by **New Band Director**

Rehearsals of the Hamlin High School Band, under the direction of the new director, Mac Fullerton, began Monday morning. The new man replaces Jess Parrish, director for the past two years, who has accepted a place with an oil company office in Abilene.

Fullerton last week attended the annual convention of the Texas Bandmasters Association, held at San Antonio.

Mae James, long time teacher in Hamlin Elementary Schools, returned Sunday from a three-week vacation spent with relatives and friends at Temple, Belton, Odem and Corpus Christi.

NUMBER 44

JESS PARRISH was starting his moving chores to Abilene this week. And the popular bandmaster of the past two years in Hamlin, who resigned recently to become connected with an oil concern at Abilene, was being chided this week by his

Harrell Blackburn, basketbaff coach at Hamlin High School, declared that he went over to Jess' house the other day to help him move, and to prove that lots of people were anxious to see that he left town soon, he said folks were lined up for a block offering to help him pack.

A SMALL HAMLIN BOY, after hearing that the human race comes from and returns to dust, queried his mom the other day with:

"Mom, is it true that we came from dust and will return to

"Yes, dear, that's what the Bible says," she replied. "Why?" "Well, I just looked under my bed and there's somebody there, either coming or going."

A MAN CAN DO a lot for a boy. But, on the other side of the ledger a boy can do a lot for a man, like giving him Inspiration and ambition. An unknown poet recently penned these words in a civic club publication:

I can't lay claim to anything as far as looks go. And when it comes to learning I may be rather slow. But there must be something more in me than other folks ca nsee, 'cause I got a little chap at home-he think a heap o' me

I've had my ups and downs in life as most folks have, I guess. And take it all in all I can't boast of much success. But it braces up a feller and it tickles him to know there's someone that takes stock in him, no matter how

To feel his hand in mine, so clingin' and so warm: to know he thinks I'm strong enough to keep him safe from harm; to see his lovin' faith and trust in all I can say or do-it sort o' shames a feller, but it makes him better.

That's why I try to be the man he fancies me to be, just 'cause that little chap at homes he thinks a heap o' me. I wouldn't disappoint his trust for anything on earth, or let him know how little I just naturally am worth.

And after all it's easy up the better road to climb, with a little

experience is reported by Block 1, B. B. B. & C. Survey.

The phone shrilled in the middle of the night, and I groggily deepening project in Fisher Counpicked up the receiver. It was a ty's Round Top field, seven miles

"Mom. What's wrong?" "Nothing's wrong." I could hear mother chuckle. "It's your

"Holy smokes! You didn't get me out of bed at 3:00 a. m. just to say 'Happy Birthday' did you?"

"Well, you made me get out of bed at 3:00 a. m. 30 years ago tonight-and it's high time I paid you back.'

DUSTING OFF the pages of baseball history recently We found that . . .

During a baseball game of the season of 1881, Michael "King" Kelly, at that time captain-player of the Boston Bean Towners (now the Boston Red Sox) was sitting on the bench when an opposing batsman hit a foul fly in the direction of third base. Boston's catcher, Charlie Ganzel, moved out after the ball, but it was evident to the King that Ganzel could not reach it. The ever alert To New Quarters Kelly-who was also responsible for the baseball by-word, "Slide, Kelly, slide"-raced from the bench onto the field shouting: "Kelly now catching for Boston" and with remarkable ease caught the fly and retired the opposing

Baseball's rule makers afterunless the umpire first announced the people of the area to visit the the change to the spectators.

VESSEL COMMISSIONED IN TEXAS MANNER—San Antonio Mayor J. Edwin Kuykendall (right) presents a silver punch bowl to Captain J. L. Semmes when he assumed command of the USS Alamo in commissioning ceremonies at Pascagoula, Mississippi. The Alamo, a landing dock ship, is the first Navy vessel to bear the name of the shrine of Texas independence and is the sixth of eight LSDs built at the Ingalls Shipbuilding Corporation yards. Aiding Mayor Kuykendall in the presentation dall is pames Battersby of San Antonio, a member of the special Alamo committee.

# Swastika Show Bypassed for Try at Lower Pay in Hill Well

## Two Deepening Projects in Area Oil Spotlight

Operator was drilling deeper in a hole that promises production in the Swastika just northeast of Hamfin, and another deepening project seven miles west of Hamlin held the oil picture spotlight of the Hamlin region this week. The oil discovery in the Swas-

tika strata was certain last weekend one-half mile northeast of Hamlin in Jones County where Sunray Mid-Continent Oil Company No. 1 Harriett Hil flowed on a drillstem test. Operator tsetthe Swastika with tool open 17 minutes. Gas surfaced in two minutes and oil in 14 minutes. Recovered was 930 feet of heavily oil and gas-cut mud, 558 feet of free oil and no water. Gravity of the oil was 43 degrees. Flowing pressure ranged from 555 to 650 pounds, and shut-in pressure hand to help you and guide you in 40 minutes was 1,435. Top of all the time. And I Peckon I'm a the Swastika was called at 3,570 better man than what I used to feet. At last report operator was be, since I got that little chap at planning to go deeper. No. 1 home. He thinks a heap o' me! Hill is on the northern outskirts of the City of Hamlin, and is in THE FOLLOWING unusual the south half of Section 175.

General Crude Oil Company's No. 1 W. H. Jackson will be a long distance call. My heart west of Hamlin, Slated to deepen hammering, I heard, "Is that you, from the Swastika to the Palo Pinto strata at 4,900 feet, using rotary equipment, it spots 568 feet from the south and 723 feet from the west lines of Section 88, it is completed the cadet pilots Block 1, H. & T. C. Railway Company Survey.

New equipment for the athletic department has been bought and all equipment improved. New tennis courts will be constructed between the vocational agriculture building and the gymnasium as soon as the gym is completed. New lockers have been installed

#### For First Half of Year Under 1955

As practicaly all farmers of the Hamlin territory can testify, Texas farmers' cash income was 12 per cent lower during the first half of 1956 than during the comparable period in 1955, the University of Texas Bureau of Business Research reportss in a release to The Herald.

Farmers' Income

The mid-year comparison shows \$571,925,000 was the total income for January-June, 1956, against \$648,920,000 for January-June of

decreases in cotton and cattle meant a loss of \$66,652,000 from

Gains were registered by peanuts, up 37 per cent: poultry, 19 per cent; fruits and vegetables, 18 per cent; corn, 17 per cent; grian sorghums, 15 per cent; milk, milk products, 12 per cent; sheep and lambs, nine per

cent. There was no significant Prices received by farmers for all products in June stayed at

openings scheduled September 4. approximately the same index level as in May, or four per cent lower than June, 1955. The fact that prices are running only four per cent below last year,

#### Another Teacher for Hamlin Schools Signs

Another teacher was added to the faculty of Hamlin Schools at a special meeting of the board of trustees Monday night. Mrs. Cliff Reynolds Jr. was named to teach health and science in the seventh and eighth grades.

year taught the subjects assigned to Mrs. Reynolds, will teach math in the seventh and eighth grades, filling one of the two vacancies on the faculty.

Mrs. Everett Gibson, who last

Another first grade teacher remains to be named. Superintendent C. F. Cook told The Herald Wednesday morning.

The British United Kingdom is about one-third the size of Texas.

DECLARED WINNER OF GOVERNOR'S RACE by the Texas Election Bureau by a scant 3,547 out of a total of 1,392,703 votes cast in Saturday's run-off prifmary is Price Daniel (above) shown as he voted with his wife at Liberty County courthouse. Ralph Yarborough, who carried Jones County by 742 votes, still contends he is the victor, alleging mistakes in tabulations by the Texas Election Bureau.

#### Baptist Men of Area To Hear LeTourneau

Numbers of Hamlin area men of Baptist Churches and others are expected to be among the Fifth Street (west from the Santa scores who go to Stamford Thurs- Fe depot toward the football field) day evening, September 6, when R. G. LeTourneau, outstanding businessman of Longview, will be the featured speaker. The gathoring is the Jones County Brotherhood rally.

The meeting will begin with a supper at 6:30 at the First Baptist Church, the program begin-.1198 1292 1303 ning at 8:00 o'clock.

#### County Voters Give Yarborough Governor Lead

Jones County voters went out in almost as big numbers in Saturday's run-off primary election as they did in the general primary in July, casting 3,984 votes compared with 4,410 votes in the previous balloting.

They reelected Dave Reves to a third term as sheriff by giving him 2,154 votes to 1,820 for his opponent, E. D. (Doyle) Woody, deputy sheriff under Bill Dunwody, former fong time sheriff of the county. East Hamlin box went to Reves by a 102 to 88 count, while the West Hamlin box favored Woody by a 241 to 180 count. Stamford went for Woody, endorsed Reves to give him the edge in the county-wide polling.

That was the only county race to be decided in the run-off.

In the state races, Jones County, like most of West Texas and the rural areas, gave Ralph Yarborough, twice defeated for governor of Texas, a plurality over Price Daniel, present United States senator. The Jones County vote was 1,621 votes for Daniel to Yarborough's 2,363-a margin of 742 votes for Yarborough. In the state as a whole, Daniel was leading Yarborough by 3,547 votes in final tabulations by the Texas

Election Bureau Tuesday, Yarborough carried 24 of the 29 county boxes; Daniel carried two (including the strong Stamford precinct) and the absentee votes; and the two tied in three

boxes. Will Wilson of Dallas carried Tom Moore of Waco for attorney general. In Jones County the vote was 2,343 for Wilson compared with 1,443 for Moore.

#### Hamlin Area Well Represented at Fisher County Fair-Rodeo

The Hamlin area was well repesented at last week-end's Fisher County Fair and Rodeo, staged at Roby. Scores of people attended as spectators and many were entries in the fair events.

calves was the 10-month-old Hereford from the herd of Mrs. Fay Young Morton of the Y-6 Ranch of Hamlin, fed and exhibited by Jack Byrd, Sweetwater FFA boy. Reserve champion milk-fed was shown by Judy Kemp, 11-year-old

# WALLIN SCHOOLS BEING IMPROVED STEADILY

In Jones

School days will soon be back with us in | School, where the delicate subject of segregathe Hamlin section. DePriest Colored School will be the first in the section to open, beginning the new term August 27. Other Hamlin schools will open on Tuesday, September 4.

Attendance at the Hamlin area schools is expected this year to be near normal, despite the fact that shifts in population will be reflected to some extent. Where some families have been lost to drouth or a slack-up in oil activity, others have moved to the area for other employment. Population of Hamlin proper has maintained a steady growth all during recent months, as attested by the consistent building of new homes in the city.

Scholastic census of the Hamlin Consolidated Independent School District shows that there is little change in the number of prospective students for the ensuing year.

Hamlin schools continue to maintain their high standards, and will be ready to offer even more modern facilities for the youngsters of the community than ever before, according to Superintendent C. F. Cook.

Renovations and repairs have been underway in all of the school plants during the summer months, and several additions of equipment and other facilities have been made, he announces

Significant among the improvements have been some additions to the DePriest Colored

Rewards and Risks

"I wish I had an oil well!" You've heard

hat said a thousand times—probably you've

said it yourself. For oil wells have become a

cil well would be a nice thing to have. At

the same time, getting an oil well, and then

making something valuable out of the crude,

For instance, last year oil producers spent

more than \$2,500,000,000 drilling approximate-

ly 50,000 wells in this country. A great many

of them turned out dry and useless. The

drillers just had to try again and hope for

One well, in Louisiana, was sunk to a

costs about \$32,000 to lay just one mile of

Modern gas engines demand fuel of much

higher octane content that used to be the

case—the average octane rating of gasoline

has risen from 74 to 84 in the past 26 years.

It costs oil companies \$500,000,000 to improve

gasoline quality by just one octane number.

The oil industry offers great rewards—and,

Cultivate Citizenship

There were two men who had gardens,

each with the same soil, same size and with

just a fence separating them. One had cuiti-

vated his and had a beautiful garden. The

other had not cultivated, and his was burren.

A new neighbor moved in across the street.

Both gardeners became acquainted with him

at the same time. One cultivated his ever-

lasting friendship and the other didn't. This

same principle can be applied to civic and

study clubs, our Parent-Teacher Association

and our Sunday School classes and church

If we are to cultivate everlasting friendship

we must attend our meetings and get to know

the members with uplifting ideas in our com-

munity. If we do not attend the meetings we

do not cultivate the garden of improvement

When you buy friends with anything other

than friendship they don't stay bought long.

and better citizenship.

is a mighty expensive and risky business.

And there is no doubt that a big proa

# Giving Is Receiving

pending losses in tax revenues.

affairs that permits improvements despite im-

The longer I live the more confident I become that real inward happiness and success are not achieved by the gathering together of material possession. Happiness and success are acquired by giving-not getting.

The man who is most successful in this life is the man who makes many friends through thoughtfulness an dstraight-forwardness-the man who has set an example of self service to the younger generation—the man who has not lived unto himself but who has lived a life of giving, not necessarily of material things, but of the little things such as a kind word dropped at the right time and place, a helping hand now and then, a weicome smile

As we grow older can we 'ost back ver our lives and say we are satisfied? The man who is satisfied with his service to his fellow man is not striving to actieve further celf happiness by giving just a little more. The in a one gives the mas one receives. Try

## Editorial of the Week

FOR LIMIT ON SPENDING

If the federal budget is balanced in the new fiscal year, as it was in the last, it will be the second time since the twenties that Barnhart. the treasury has kept out of the red two years in a row.

trend, and the Eisenhower administration deserves much credit for the accomplishment.

Deficit financing over the years has piled up a staggering \$275,100,000,000, the interest on which costs about \$7,200,000,000 a year.

If a family were to make it a practise to write checks without paying attention to its bank balance it would soon be in trouble. Can it be different with government? Not in the long run. That is why serious attention is being given to preventing future spending son.

Before Congress are several proposals to require spending in any fiscal year to be held within estimated income, with allowance for suspension of the amendment in case of war ed inasmuch as he is moving to or other grave emergency. Such an arrangement would not be easy to live up to, but its immediate hardships would be more than cffset by its long range benefits. Some method of limiting spending is obviously needed to safeguard the future solvency of the nation.—The Christian Science Monitor.

# New Twists to Hairdo Emphasize Tints and Accessories to Match Dress

of the head, declares Vivian the girls themselves. There has Brown, AP Newsfeatures beauty been no promotion by hair-dress-

non from the tiny Swiss roll variety to the large Danish pastry type is being worn. Short-haired girls merely add hair pieces to accomplish this end. Long-haired girls sweep back the hair and twist it into a little bun to suit heir hair length. Newest twist to the idea is the

inted chignon to match summer clothes and accessories. Mix and match chignons in two-toned tinted hair are the trend. The chignon is worn in a double bun looped and braided in complementary and contrasting colors. Fashionwise types may choose from 14 hair tints ranging from canary diamond nad carrot-top hues to a gleaming bronze and jet black. Such combinations as paste

The adult membership of the American Red Cross has grown blue and black are chic for sumfrom 3,000 in 1905 to 23,200,000 mer. Ditto yellow and white. Two shades of green suggest the cool look of a limeade. "Dixie" was the war song of he Confederates States of Amer-

The interesting point about the return to chignon hair fashions is

Hair interest goes to the back | that it is a spontaneous choice of ers, even though the idea is catch-Every conceivable type of chig- ing on like wildfire. The new tinted chignon should create even more excitement.

Hair accessories are taking on important airs now that the chignon is with us again. From the islands come delightful native hair gimmicks. Long Japanese hairpins with jeweled tops that are worn criss-rossed are very popular. Hawaiian tourists bring back hair accessories that resemble oversized chop sticks. These are made of wood as well as other

## More Liberal FHA Loan Plan to Aid Emergency Program For Feed Extended Farmers to Make Home Improvements In Three Counties

Home modernization will enjoy than ever before because owners a healthy increase in Jones County as a result of more liberal if the amount exceeds \$600," determs on loans insured under the clared Bryan. Farmers Home Administration's Title I program, according to Paul Bryan of Paul Bryan Lumber 35 per cent lower than under the Company, local retail lumber dealer and member of the public affairs committee of the National Retail Lumber Dealers Associa-

"Recent changes in the national housing law permit home owners to borrow more for repair and modernization work, and monthly improvement loans as large as livestock herds through October payments on large jobs are lower \$3,500, as compared with the pre- 31, 1956.

#### School Lunches To Be Priced at Last Year's Level

Prices for school lunches at the various school cafeterias will remain the same at last year, it high school principal,

All school cafeterias will operate for the first time during the 1956-57 school year on Tuesday, September 4, Newberry declares.

The following are employees of the lunch rooms: High School-Mrs. L. B. Petty and Mrs. Travis Conner; Primary, Elementary and Junior High School Cafeteria-Mrs. A. F. Dixon, Mrs. Eva Eades Mrs. Cecil Brown, Mrs. Edd Rodgers, Mrs. Barnie Smith and Hor-

All of the employees of the rooms were in attendance at the lunch room workshop in Lubbock with the exception of

This year all the students of High Schools will be that this will enable the students to have better meals along with being able to keep them hot.

Lunch tickets are available for students with a saving of five cents per lunch if they are bought by the month, Newberry declares. The following prices are charged for lunches in the Primary, Elementary and Junior High: By the day 30 cents, or 20 lunches on a punch ticket for \$5; High School: By the day 35 cents, or 20 lunches on a monthly ticket, \$6.

# Happen at Crossings glad you did if you have to settle

Some motorists seem to insist in getting hurt!

Take those who are involved in railroad grade crossing accidents, for example.

Two out of five of these accidents occur at crossings protected by gates, lights, bells, watchmen or a combination of these according to the 1956 edition of the National Safety Council's statistical yearbook, "Accident Facts."

What's more, autos often run into trains, and after dark it's a toss-up as to which will be hit by

can take longer to repay a loan

"Monthly payments on major \$1,000 can be repaid over a fiveper month, whereas a monthly payment of \$31.94 was required when the maximum amortization

"FHA will now insure property vious limit of \$2,500, and the rate of interest is lower on amounts

"In addition, buyers of newly built homes now can take advantage of FHA loan insurance earlier than before. The waiting not apply on work costing \$600 or less, and has been reduced to 90 days on larger loans

choice of repaying FHA-insured loans in a shorter period than five years if desired, and amounts as small as \$200 can be borrowed under the plan

"The increase in the maximum be of special interest to owner wishing to undertake extensive improvements on older homes or wanting to add extra rooms to newer dwellings."

#### Putting Valuable Papers in Order Good Pre-Vacation Plan

Planning a family trip? If so, Mary Newberry, Jones County home demonstration agent, suggests you put aside the road maps the Primary, Elementary and and travel folders long enough to place valuable household papers

Loss of a valuable paper from theft, fire or carefessness could spoil your vacation. A safety de posit box at your bank is one of the best places for wills, stocks and bonds, insurance policies family records of birth, marriage citizenship, military service, deeds leases, promissory notes and other

A household inventory is an other valuable record. leaving on your trip, make dupli cate copies or bring existing ones up-to-date. One copy can b placed in the bank box and the Many Car Accidents other kept at home. You'll be

> name of your automobile insur ance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

> If you carry travelers' checks, don't forget to make one or more lists of check numbers to be car ried separately from the checks.

#### Texas State Fair To Climax Many Area Exhibitions

Fair time in Texas is once again at hand.

Community leaders in all parts of the state are making plans for the dozens of fairs and festivals teria meal ticket at the elementary that will be staged in late sum-

Culminating the series of celebrations, of course, will be the State Fair of Texas at Dallas, October 6 through 21, the nation's largest annual exposition in terms

Fairs are one of the best indications of the progressiveness and civic spirit of a community. They are good for business and deserve to be supported by businessmen, farmers, merchants and all other residents.

Texas fairs, like most others, carry a heavy emphasis on livestock and agriculture. They all have one important factor in comsmall down payment, pay out like mon-they are all working to imrent. Inquire at Hamlin Motor prove Texas' agriculture and livestock industry and to improve living conditions generally by building up the state.

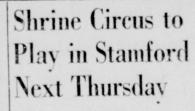

Fairs are for fun and entertainment, too. A wide range of entertainment will be presented -ranging from the carnival sideshows to "Damn Yankees," the Broadway musical which will be offered at the State Fair.

Regardless of size, a good fair is of great value to any city or town, serving as a stimulus to trade and a unifying medium, providing wholesome recreation and serving to inspire pride in the achievements of the individual, the group and the region.

The capitol of Texas is higher than the national capitol-308 feet compared to 287 feet 51/2

# HOW RESOURCEFUL ARE YOU?

Puppies are generally more resourceful chan people! They never take fences seriously. They find a way to get over or under the obstacle.

People take fences seriously. They usually have more respect for their limitations than for their abilities. That's why so many of us live in a narrow, discouraging world without promise or hope.

And even as we speak thrilling words like freedom and opportunity and ideals, some of us wonder secretly just what these are and how they may be attained.

There are spiritual resources in life which can enable any man to achieve ideals. They are the simple, commonplace commodities of religion - things like prayer and faith - but they are the keys to all

God gave us these resources to use. And He gave us churches to teach us how to use them. Forget your fences - discover your resources in Church next Sunday.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest fac-tor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither reasons why every person should attend services regularly and sup-port the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself. which needs his moral and ma-terial support. Plan to go to rch regularly and read your

### Driving on Super-Highways Presents Club Projects to Get New Problems of Safety to Motorist

How's your S. D. Q .- or, to be (through your rear-view mirrors) more explicit, your Super-highway watch the pavement for signs of

If you're planning a motor trip He also advised motorists to in the near future, that question use great caution when entering is meant for you. It was asked and leaving super-highways, beworker in the share-the-road program sponsored by the Texas Association, the Depart- at all times and to adopt a coment of Public Safety and the operative share-the-road policy, National Safety Council. This he said. and-live program of the National Conference of State Safety Coor-

must on super-highways where great distance, you'll undoubtedly do some super-highway driv-

McFadden pointed out that super-highway driving is different from average driving, the main difference being the higher severity of an accident if one does

"For this reason you must leave plenty of room between you and super-highway accidents."

He also warned against lagging traffic, because by doing this you the car behind you

act in time to stay out of trouble. Look ahead for signs of trouble; look behind for signs of trouble

#### Rehearsals Begun by New Band Director

Rehearsals of the Hamlin High School Band, under the direction of the new director, Mac Fullerton, began Monday morning. The new man replaces Jess Parrish, director for the past two years, who has accepted a place with an oil company office in Abilene.

Fullerton last week attended the annual convention of the Texas Bandmasters Association, held at San Antonio.

Mae James, long time teacher in Hamlin Elementary Schools, returned Sunday from a three-week vacation spent with relatives and friends at Temple, Belton, Odem and Corpus Christi.

# Fund from Lions Sale

Club projects of the Hamlir ions Club will benefit from the second annua broom sale slated by the civic group on Tuesday September 25, declared President

People of the community are urged by the civic club to check up on their broom, mop, pushing careful to adjust their speeds broom and floor mat needs and ave them for the crusade. The super-highways is to stay alert persons

#### Two Hamlin Lions Made Members of Governor's Cabinet

Two members of the Hamlin Lions Club have been named as members of District Governor Lester Brooks' official board, he has announced from Iowa Park. They are L. H. McBride and B. V.

Newberry has been named deputay district governor. He has been a Lion since 1937, having belonged to the Childress, Chillicothe and Hamlin clubs. He is a past president of the Chillicothe and Hamlin clubs, and has served

as zone chairman and cabinet secretary-treasurer. He has held the following local offices: President, er and Lion tamer.

McBride has been a member of Hamfin Lions Club since 1935. He was president in 1942, and has served as director several times. He also has been first vice president and was program chairman last year.

# Every S You Spend Is a Vote FOR or AGAINST Your Own Future Prosperity

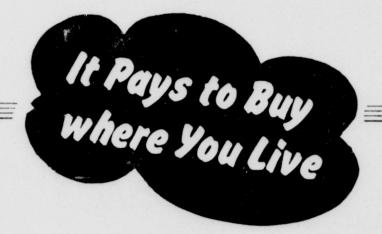

Spend a dollar here at home and it's a vote FOR the improvement of your own individual well-being.

Because it's a dollar that keeps on working for you . . . circulating and creating more trade volume in your own community.

Trade volume that makes YOUR business better, YOUR job more secure, YOUR schools and churches better, YOUR local investments more valuable and profitable.

Spend a dollar away from home and it's a vote AGAINST the life and growth of this community . . . the prosperity of which has much to do with the kind of living that YOUR work will provide for you.

Many small town folks have helped to vote themselves out of business, out of jobs, and out of investments which were the savings of a lifetime, by casting their \$-ballots AGAINST the community in which they live.

Of all the business establishments in the world — only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here . . .
